

# Escalation Ladder Planner

Plan your pressure campaign from internal demand to direct action.

Escalate only when the previous rung fails to produce a response. Never skip rungs — it loses credibility.

## Rung 1 — Internal Demand (Certified Mail)

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| <b>Tactic</b>              | Send a formal written demand to the decision-maker via certified mail. |
| <b>Trigger to Escalate</b> | No response within 10 business days OR denial.                         |
| <b>Who Leads</b>           |                                                                        |
| <b>Target</b>              |                                                                        |
| <b>Date Sent</b>           |                                                                        |
| <b>Response Received</b>   |                                                                        |

## Rung 2 — Public Petition

|                             |                                                                                        |
